	10	vertical	1	1	4 Planks	
	11	oxer	2	4	Liverpool	Match of white wing/standard for back rail
	12	vertical	1	4		
Total			22	53		
	Number of Cups:	120 Minimum				
	Number of Adapters:	50 Minimum				
	Sets of Flags	24 Minimum				

Considerations:

- * If purchasing poles, consider purchasing sets of 12 in one design (i.e. 3 sets of 12 poles: black with 3 stripes, red with 2 stripes, blue with 4 stripes, etc.) that can be used in difference course design:
- ** When purchasing standards, consider adding two or three additional matching standards to your order. This allows you the flexibility to make different doubles and triples in the future.
- *** Consider adding a combination of 10-12 sets of white wing standards or regular standards to your order for future flexibility.
